Best Practice:

1. TITLE OF THE PRACTICE:

"SEPTEMBER MELANGE"

• GOAL:

September Melange is organized with the main objective to enhance the curricular activities of the students in the college and to help them in develop different aspects of their lives.

• THE CONTEXT:

September Melange was launched in the year 2018, initially started as a Three –day event off various competitions and festivities. The idea is to make it the annual festival of the college where students were given the platform to explore and showcase their talents.

• THE PRACTICE:

Ever since its inception, the college had successfully organized the event twice, i.e. "September Melange-1" (from 6th to 8th September 2018) and "September Melange-II" (from 5th to 7th Sep. 2019). The first two days of the festival is filled with various literary competitions, talent expositions, exhibitions and stalls by the students. There is so much fun, and relaxation among the entire Fazl Ali College community as it normally falls after the first internal assessments and enough co-curricular activities where maximum students get the platform to participate. It is also gradually turning out to be an event where we see the family members coming to participate and meet and revel in the fun. The third day usually coincides with the college foundation day and in the fashion , the festivities culminating a formal programme while observing the foundation day.

- **EVIDENCE OF SUCCESS:**
An umpteen number of hidden talents are tapped, which has in fact given a great moral boost to both the students as well as the college in general to have further opportunities for participation in higher levels.
- **PROBLEMS ENCOUNTERED AND RESOURCE REQUIRED:**
One major issue in organizing the event in the limited financial resource. Since there is a separate budget allocation, managing the three days event on minimum financial resource is a major constraint.

Best practices

1. **TITLE OF THE PRACTICE: "Loan and Book Initiative"**
 - **GOAL:**
 1. To implement, enrich and support the educational system.
 2. To provide materials that will stimulate student's acquisition of factual knowledge, development of literary appreciation, aesthetic values and ethical standards.
 - **THE CONTEXT:**
The FAC Departmental Libraries is managed independently from the main library. Materials originally came from faculty donations as well as faculty and student recommendations.
 - **THE PRACTICE:**
Initially, the departmental library came into being when the teaching staffs decided to purchase books and reading materials with the remuneration money from the teaching faculty. Later more donations came from former teachers and alumni and that is how it casually became a trend for the other departments to follow. At present, almost (mention the no of depts..) have their own departmental libraries.
 - **EVIDENCE OF SUCCESS"**
 1. Saves money instead of buying the same book for every faculty who might need to reference it. This goes a long way for technical books which are expensive most of the time.
 2. Consistent information – the assurance that the team is using the same resource information and therefore not conflicting information while working on a collaborative project.
 - **PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED:**
Since this is a purely teacher's funded programme, the prevailing deficiency of proper trading materials and journals in one major issue.

15. Infrastructure development:

- i) 4 (four) medium size classrooms are on top of the Science Building are about to be completed funded by Directorate of Higher Education, Nagaland : Kohima.
- ii) 14 (fourteen) number of branded desks and benches made of compressed wood have been procured during the year.
- iii) 20 (twenty) number of fabricated desks and benches were also ready to use.
- iv) 16 (sixteen) number of lecterns were also procured.
- v) Fabrication of filter stand, dust bin frame, signboard, etc was done.
- vi) Purchase of wood stapler and pin was done for ease the carpentry works.
- vii) Installation of 15 nos. of fans in office rooms and classrooms.
- viii) Provided 1 desktop and 1 Epson printer to the English Department.
- ix) 1 piece of Ricoh MP-2014D machine (A3 size Printer/Xerox) was procured.
- x) 1 piece of stabilizer 2KVA was purchased.
- xi) Partition of classroom and painting were done in the science block in rooms 2-4.
- xii) Purchase of 3 nos. of microphones with stands.
- xiii) The College has received 2 nos. of Digital Smart Interactive Board from Honourable Minister of Higher & Technical Education & Tribal Affairs, Government of Nagaland Shri. Temjen Imna Along Longkumer.

Hostel Development:

- i) 17 (seventeen) number s of tables – fabricated and plywood were provided.
- ii) 15 (fifteen) nos. of bed- fabricated and plywood were also provided to hostellers.
- iii) 4 (four) numbers of commercial gas cylinders (19kg) along with a high pressure burner were procured for all the 4 hostels in order to replace the use of firewood in the kitchen for cooking purposes.
