BA 5	Philosophy	Political Science	Sociology	Honours	Economics	Education	EVS	Elect English Func English Geography	History Mathematics
BSc 5	Comp Science	Physics	Zoology	Honours	Botany	Chemistry	EVS	Geography	Mathematics

Note

1. Unless you are having a live class, it is not necessary to stick to exactly 45 minutes for your class. It can be less depending upon the content
2. Lecture material can be posted ahead of time. The time indicated is the latest by which it should have been posted
3. Recap/Feedback MCQ test can be posted immediately after the class but give sufficient time for late submission before you close the submission. However, it should be completed the same day
4. End of Module MCQ tests should not disturb the smooth flow of classes. It should be held after class time is over.
5. End of Module quiz should be posted/assigned at a specified time and closed after a reasonable time. Unless the student has a valid reason, late submission should be viewed seriously.
6. Unless it is unavoidable, holidays should not disturb the conduct of classes. Sunday can be taken as a day of rest.
